

ITSP Documentation (Additional Requirement)

IMPORTANT!!! - To All Current & Prospective BPA Holder/Team Offerors:

To date, as part of any submission of a request to enter into a BPA, the Lead/Prime Company for the BPA has indicated where (geographically) the holder/team is willing to provide support to ESC "entities" (whether HAFB, the GSUs, other Operating Locations, etc.). As a further requirement for the information available on your web sites, BPA offerors/awardees must also itemize the locations that the "Lead" and each of their "teammates" (those also having GSA/FSS Schedule contracts), **INDEPENDENTLY** are willing to support also.

Part of the reason for this requirement is to ensure that prospective users, especially at the GSUs & OLS, are assured that there will be a wide spectrum of capable contractor talent (whether a "Lead", or a "Teammate") to support their needs (in addition to the wide level of support already anticipated to be provided to "Center Headquarters" users at Hanscom AFB, MA. The sooner you provide this information to your web sites, the sooner prospective users can complete their "market research analysis" of BPA Teams as they determine to whom they will issue an RFQ for a particular "ordering requirement".

Those prospective offerors who have yet to respond to the ITSP BPA Invitation Letter (posted on the ITSP website along with the BPA text) should include the above information in your electronic BPA response to ESC/COS (the geographic location support checklist for the Lead & each Teammate). Those teams having already submitted their "offer" should expand their web site information to include the above, and if possible, fax such Lead & Teammate support location updates to Capt Mark Restad or Capt Lloyd Blackmon as soon as possible! (ESC/COS fax# is (781) 377-7033).

If you are a team who has already supplied the above requested breakouts, by "Lead"/"Teammate", you can ignore this "posting".

Thank You for your careful and responsive attention to this requirement for user analysis.

//signed//

Steven C. Lynchey
Contracting Officer
Center Operations Support
lincheys@hanscom.af.mil
Com: (781) 377-8859; DSN: 8-478-8859
Fax: (781) 377-7033; DSN: 8-478-7033

Instructions: Check each location where services are being offered by the team leader as well as each of the team members. Be sure to fill in the names of each of the team members. If you have more than three team members, add additional columns. To add an additional column, place the cursor in one of the team member columns. From the menu, select "Table | Select Column" then "Table | Insert Column".
